TOWN WARRANT

The State of New Hampshire

To the inhabitants of the Town of Lyme in the County of Grafton in said State, qualified to vote in Town affairs.

You are hereby notified to meet at the Laura Barnes School Auditorium in said Lyme on Tuesday the 7th of March next, at ten o'clock in the forenoon to act upon the subjects hereinafter mentioned. The polls will be open at said meeting place until six o'clock in the afternoon for the reception of your ballots.

ARTICLE 1. To choose all necessary Town Officers for the ensuing year.

ARTICLE 2. To see what action the Town will take upon the budget submitted by the Budget Committee.

ARTICLE 3. To see if the Town will authorize the Selectmen to borrow money in anticipation of taxes for the ensuing year.

ARTICLE 4. To see if the Town will vote to authorize the Selectmen to administer or dispose of any Real Estate acquired through Tax Collector's Deeds.

ARTICLE 5. To see if the Town wishes, under RSA 253.17, to designate the following roads or portions of roads as scenic roads:

1. River Road - East Thetford Bridge to Orford town line.
2. High Bridge Road from Hardscrabble Road to Orford line.
3. Baker Hill Road from Ed Webb's S. E. to Goose Pond Road.

Conservation Commission.

ARTICLE 6. To see if the Town of Lyme will adopt the following Health Officer Regulations relating to the health and safety of the people of Lyme, in accordance with provisions of New Hampshire Revised Statute, Chapter 147, Section 1:

1. No building for human habitation will be constructed and no house trailer installed or moved in Lyme, New Hampshire without obtaining a building permit from the Town Clerk's Office. The issuance of a permit will be pursuant upon installation of a self-contained waste disposal system or approval of

TOWN WARRANT - 2

ARTICLE 6. (continued)

plans for an external waste disposal system by the State of New Hampshire Water Supply and Pollution Control Commission in accordance with Chapter 149-E.

2. No construction, alteration, expansion or replacement of any external sewage disposal system or any part thereof shall commence until plans submitted in accordance with Chapter 149-E, Section 3, have been approved in writing by the State of New Hampshire Water Supply and Pollution Control Commission.

3. In case of emergency situations, an existing septic system may be altered at the discretion of the Health Officer.

ARTICLE 7. To transact any other business that may legally come before the meeting.

Given under our hands and seals, this 10th day of February, in the year of our Lord Nineteen hundred and seventy-two.

JOHN H. GRANT Selectmen

FREDERIC W. KING of

JOSEPH S. PIAZZA Lyme

GRAND TOTAL		<u>\$173,068.53</u>

AUDITORS' REPORT

Lyme, New Hampshire

22 January 1972

This certifies that we have examined the accounts of the Town Clerk, Town Treasurer, Selectmen, Tax Collector, Highway Agent, Police Department, Trustees of the Trust Funds, Treasurer of the Library, Treasurer of the Fire Department, Treasurer of the Recreation Committee, Sexton, and the Treasurer of the Lyme Home Health Agency for the year 1971 and find them properly maintained and supported by vouchers.

Although no discrepancies were found during our audit this year, we feel that better business practices should be followed in many areas of town affairs.

1. More effort should be made by the Selectmen and Department heads in reviewing their needs for the coming year and seek the Budget Committee's approval during the period when the budget is being formulated for expenditure of capital reserve funds, capital outlay and operating expenses.
2. In addition, if during the year a capital purchase of \$500.00 or more, which was not included in the budget, is required, either by an emergency or unusual circumstances, the Selectmen upon notice from the Department Head should seek an advisory opinion on the purchase from the Budget Committee.
3. We recommend that any purchase and/or rentals over \$500.00 should be advertised for open competitive bidding.
4. Looking at existing equipment owned by the town, we feel that an inventory of all such equipment with replacement value of \$100 or more should be taken and continuing records kept. Also, whenever possible, the equipment should be housed in town buildings. And, town equipment should be used only for town work unless approved by the Selectmen and reimbursement for outside work must be made to the town. If any of this equipment is sold, it should be advertised for bids.
5. We feel that town funds should not be deposited in personal checking accounts.
6. In addition, we recommend the town, through competitive applications, hire a part-time clerk to keep the above records and to assist the Department Heads in their bookkeeping.
7. Lastly, we recommend a greater effort be made by the Selectmen and Department Heads to use their combined purchasing power to reduce costs. Specifically, we feel that there are great savings available to the town by purchasing through the New Hampshire Municipal Association and the State of New Hampshire....to name two examples.

JOHN A. MENGE
FREDERICK E. WAGNER
GRANT P. BALCH
Trustees of Town Trust Funds

REPORT OF POLICE DEPARTMENT

This year showed only a very slight increase in the amount of required and requested duty over that of last year; we responded to 304 recorded service calls. Our patrol activity did not quite reach the 330 hour goal we had planned and fell short by some 33 hours. We hope to attain this goal in the coming year, but it does not appear that this figure can be much exceeded with the amount of time currently available from the Department's officers.

We were able to purchase another mobile radio with the aid of a Federal grant which covered 75% of the total cost. We now have two vehicles equipped with radios and hopefully this will enable us to give a little better police availability to the town. The second radio is installed in Officer Thompson's car. We also received a Federal grant of \$198.00 to enable us to improve our record keeping facilities and to purchase related office equipment.

The Police and Fire Departments now share an office in the Public Safety Building which is nearing completion and Department records are kept in this office. The office is equipped with a phone which rings also at Chief Ryan's home. As in the past citizens are reminded to call the Hanover Police at 643-2222 should there be no answer on the local police phone. Any resident of Lyme who does not yet have one of the green phone stickers showing fire, ambulance and police numbers should contact either this Department or Fire Chief Tupper and request one.

Regular members of the Department are Anthony Ryan, Constable Herbert Perkins who handles all dog complaints, and Officer Allen Thompson. Wallace Ragan and Chief Paul Messer of Orford are special officers available to assist when needed and during the past year all members of the Hanover Police Department were sworn in as special Lyme officers. They will not answer routine complaints in Lyme, but are available in an emergency situation should neither the Lyme or State Police be immediately available and will assist Lyme officers if needed. This arrangement which is in effect on a reciprocal basis between Lyme-Orford and Lyme-Hanover also enables each local Department to carry out its own work more efficiently.

ANTHONY RYAN
Police Chief

LYME FIRE DEPARTMENT BUILDING PROGRAM

The Lyme Fire and Police Departments occupied the new Public Safety Building during the last week of January 1972 upon completion of the main office and equipment storage area.

Expenditures to date are as follows:

Land acquisition	\$ 2,500.00
Excavating and land development	376.00
Erection of Building	16,649.48
Lighting and electrical fixtures	821.15
Furnace	<u>1,810.11</u>
Total Expenditures	\$ 22,156.74

Many hours of volunteer labor and the generosity of the contractor has kept these costs at an absolute minimum.

Funds for the above expenditures were raised as follows:

Contributions and Memorials	\$ 13,068.00
Earnings of Lyme Firemen:	
Proceeds of Lyme Fairs	2,874.69
Proceeds from Auctions	2,146.54
Food served at auctions	406.76
Raffle	377.70
Miscellaneous earnings	53.00
Other Income	<u>232.97</u>
Total Earnings	\$ 19,159.66
Borrowed from Town	<u>3,500.00</u>
Total Funds Available	\$ 22,659.66
Less Expenditures Paid (above)	<u>22,156.74</u>
Balance on hand	\$ 502.92

After earning funds to repay the loan we hope to complete construction of the general purpose room for public functions and complete the bathroom facilities.

Other priorities as funds allow will include a water supply and septic system.

Provisions have been made for expansion of the building to meet future requirements of the Town.

Respectfully submitted
ELLSWORTH T. TUPPER
ALBERT W. PUSHEE

The 1971 year saw several major changes at the Lyme Town Library. We decided to employ a salaried part-time town-school librarian and Geneva Menge was hired. She is at the desk for all but 4 hours of the 17 hours a week that the library has been open during the school year. Friends of the Library have been organized, and they have already undertaken the task of repairing books and staffing the library on one additional morning and evening a week. As to date, the library is open 22 hours a week, when school is in session. The Lyme Center Branch is open 2 hours a week.

An Open House honoring Dorcas Chaffee for her 15 years of devoted and excellent service to the Town and Library was held in June.

During the summer, a movie program for children was held on Wednesday and Saturday afternoons every other week and proved successful. Also, a story hour for pre-schoolers met once a week.

The school library program has been expanded. All lower grades spend 1/2 hour a week in the library in small groups. The upper grades have a 45-minute library period a week and each eighth grader has a week of individual practice in library skills. This increased exposure is reflected in a 30% increase in book circulation for the first 3 months of the fall. The Lyme Center Branch has been host to the Kindergarten class weekly. A Pre-school story hour is held every Thursday morning at the Kindergarten.

Many films from the State Library Service have been shown to the children.

The library is in the process of expanding the classical and popular record collection and it is hoped that this service of the library will appeal to more people. A jig-saw puzzle exchange has also been added. The library is continuing a home book service for shut-ins to which Juliet Barron has generously given of her time.

We were grateful for donations from the Hanover Garden Club, the Utility Club of Lyme, and several memorial gifts along with many generous gifts of books from residents of Lyme. The board also appreciates the time contributed by volunteers.

A major change in the Board of Trustees has taken place during the year. Resignations were accepted from Pauline Whittemore, Joseph Piazza, Geneva Menge, and George Fidot. The library would like to express particular gratitude to Miss Whittemore who completed 25 years of outstanding service on the Board of Trustees. New members of the board are Rachelle Hinchcliffe, Juliet Barron, and Mary Cornwell.

LYME HOME HEALTH AGENCY
Annual Committee Report
1971

The Lyme Home Health Agency continued to give comprehensive community nursing service to the citizens of Lyme.

During 1971 our nurse, Mrs. Roger Jenks, made 318 calls to give skilled nursing care to 17 individuals. The Physical Therapist, who is available to the agency by contract, made 4 visits.

Our nurse visited all new mothers and babies, making 36 maternity visits and 55 to infants. She also made 61 calls on pre-school and school age children. Adults and elderly people received 249 visits, for a total of 401 Health Promotional visits to 77 persons. Three well-attended immunization clinics were held and one "lazy eye" and hearing clinic. This latter was held in conjunction with Orford, and spotted eleven children in need of further testing and help with vision or hearing.

Our nurse continues to keep up with current nursing practice, having attended nine professional meetings and having 27 conferences with doctors and other health workers.

The Lyme Home Health Committee has had representatives at all meetings of Upper Valley Health Care, The New Hampshire Association of Home Health Agencies, The Bi-State (New Hampshire and Vermont) Community Health Project and at special meetings called by the New Hampshire Department of Health and Welfare.

Our main concern for the coming year is the desire to reach all Lyme citizens who may need our services. If you have illness in your family, ask your doctor about getting in touch with the agency. It might be possible to avoid going to a hospital, or shortening your stay there.

You may call the office (795-2661) when it is open, on Tuesdays and Thursdays from 9 to 12. Mrs. Tom Parkington is the clerk. Or you may call Mrs. Jenks at her home (795-2761) early in the morning if possible.

REPORT OF UPPER VALLEY HEALTH CARE REPRESENTATIVES

At the 1971 Town Meeting, Mary Bowden and Elvie O'Hara were appointed by the moderator to serve as representatives to Upper Valley Health Care. They have attended all the meetings of that group.

Upper Valley Health Care is a group of interested people, mostly non-health professionals, who are seeking ways to improve the quality and delivery of health care in this region.

Their concern thus far has been to find out what health facilities we have and how they are used - what are their limitations and what are the unmet needs. A survey is now underway to gather factual data on this matter.

Some ways have been found to improve existing services and to coordinate efforts. This group will continue to explore and hopefully, to act toward accomplishing its purposes.

Respectfully submitted

MARY BOWDEN
ELVIE O'HARA

LYME RECREATION COMMITTEE
Annual Report for 1971

The Recreation Committee is pleased to report that 1971 was a successful year in its three principal areas of activity.

Arrangements were made to provide a series of five band concerts on the Common during the summer.

The 1970-71 Ford Sayre Memorial Ski Program was most successful, with an enrollment of about 80 enthusiastic youngsters taught by a competent staff of instructors. Showing the results of experience gained over the past several seasons, there was a significantly larger number of more accomplished skiers taking part in the program.

Chase Beach experienced its usual busy summer. There was a sizeable increase in the number of children participating in the instructional swimming program, and many hours of recreational swimming were enjoyed by people from all sections of the community.

The flood control dike built in 1970, though not severely tested, served its purpose and made it possible to proceed with the construction of a playing field for baseball, softball and soccer. The work was done in the fall and should be ready for use next summer. Funds to pay for the work came from capital reserves which the Committee had on hand and from the John Balch Memorial Fund. No request for additional money was made to the Town.

To the many individuals and organizations who have supported our programs through the past year, we express our sincere thanks. To all members of the community, we extend an invitation to participate in the activities of the coming year.

LYME PLANNING BOARD

Annual Report for 1971

The past year proved to be a productive one for the Planning Board. During the year, the Board held several meetings to discuss the implementation of the Land Sub-Division Regulations, and act upon various business pertaining to the Regulations.

Throughout the year, questions concerning the Sub-Division Regulations were asked. The Board considered each question, and tried to reply to everyone's satisfaction. The general feeling among the Board members is that we have acquired a better working knowledge of the Sub-Division Regulations, and therefore are better equipped to apply them for the welfare of Lyme.

The Conservation Commission has generously offered maps of Lyme for use by the Planning Board. It is hoped, that the Planning Board and the Conservation Commission might possibly join their efforts to solve some of the problems that will be confronting Lyme in the future.

The following is a statement by the Chairman of the Planning Board in which the Board fully agrees:

I'm writing this note as outgoing Chairman of the Lyme Planning Board, and as a retiring member of the original Board. It has been a rewarding experience. Lyme voted in its Planning Board, Mobile Home Park Regulations, and sub-division regulations just in time. Our town now has the protection and legal tools that it needs to determine its own future.

But what is Lyme's future? Now that we have protected ourselves from the onslaughts of outside developers, what do we expect of our community? What do we want Lyme to be like 5, 10, 25, or 50 years from now? This isn't an idle question. We must begin to plan now - this year, 1972. Lyme is going to look, and it is going to be, like "something" 25 or 50 years hence. What that "something" will be, will result from the actions we presently take or don't take. I don't know exactly how we'll answer this question of Lyme's future, but I do know that any good and workable answer will have to recognize the fact that the character of Lyme is not in its school, its roads, its churches, its houses, its stores, or in parks and recreational areas, but in its people. Lyme is not the houses on the common, nor the farms strung out from the Hanover to the Orford Town Lines. It is the people who live in those houses and on those farms who give our town its character and its integrity.

Therefore, when we plan for the future of Lyme, let's remember that what we're really planning for is people and for the character and value of the community which results. We will want to plan so that Lyme continues to be a richly varied community of young and old, rich and poor, famous and infamous, all of whom would rather live in Lyme than in any other place in the world. And if we start with this assumption, it won't matter much whether we have trailers, mobile homes,

PLANNING BOARD REPORT - 2

log cabins, cape cods, garrison colonials, A-frames, or modern modulars. Yes, certainly, let's plan to keep the old farms and farm-houses, the woods and fields, and the villages and stores. But let's also keep the trailers, the mobile homes, the A-frames, the modern modulars, and maybe even a commune or two. You know, it really wouldn't be much of a town if everyone were like me - or like you.

REPORT OF THE CONSERVATION COMMISSION

During the past year the Commission has continued the projects outlined in last year's report. The spring clean-up of the town roadsides again produced several truck loads of bottles, cans, papers and, even garbage. Again a few did the housekeeping for many.

The water pollution testing was continued with some results. There is no evidence that we could find that the lagoon sewage treatment system at the Ski-Way contributes to the pollution of Grant Brook. The highest contamination found so far in the Grant Brook drainage is in the small brook behind the school. During the coming year we will attempt to pinpoint the source of the pollution.

The aerial map of the town is finished and has three overlays, one of the various classes of roads, one of the wetlands and floodplains, and one of the areas with slopes over 25%.

The Commission is continuing its efforts to obtain easements on certain areas of the town which have special scenic or wildlife value.

The junk car project has been a disappointment. The Commission did locate and get permission for the removal of over 80 junk cars. This was done last August on the promise of a dealer to pick them up. However, the promise was not fulfilled. Another car crusher was contacted in the early fall who promised to pick up before "snow". The early Thanksgiving snow finished the project for 1971. We still have hopes for 1972.

We are currently working in conjunction with the Upper Valley Recycling Committee. The present thought is to have a truck stationed at a convenient spot in town once a month for the collection of glass and paper to be taken to West Lebanon. To do this we need trucks and drivers. Any offers?

UPPER VALLEY EMERGENCY MEDICAL CARE SERVICE

The Upper Valley Emergency Medical Care Service responded to 315 calls in the service area in 1971. Emergency ambulance and medical care service together with non-emergency transfer service was provided to the communities indicated:

	Number of Calls			Number of Calls	
	1971	1970		1971	1970
Fairlee	11	0	Strafford	8	0
Hanover	173	125	Thetford	47	19
Lyme	15	14	W. Fairlee	2	0
Norwich	38	25	Other	21	9
			Total	315	192

Five ambulance attendants now are certified as Emergency Medical Technicians. In 1972, additional programs will enable all attendants to achieve the technician rating. This advanced training along with the specialized ambulance equipment allows the service to provide the highest quality of emergency medical care service available. Citizen training will continue in the communities served. Primary first aid training prepares the citizen to deal with an emergency before skilled assistance arrives.

The program is available to any interested community. Each community annually provides a per capita contribution and the individual patient pays a service charge. The per capita contribution is 50¢, based upon the 1970 census. The individual receiving service pays a fee of \$35. Special arrangements are provided for persons unable to pay. A very large percentage of the individual bills are paid by private insurance companies or Medicare. The administration of the service is provided by the Town of Hanover.

This cooperative regional program provides a better level of service, at less cost, than that which could be provided alone by the individual community.

SCHOOL DISTRICT WARRANT

The State of New Hampshire

Grafton, S. S.

School District of Lyme

To the inhabitants of the School District of Lyme, in the County of Grafton, and State of New Hampshire qualified to vote in District affairs:

You are hereby notified to meet at the Auditorium of the Lyme School in Lyme, New Hampshire on Saturday, March 4, 1972, at 8:00 o'clock in the evening, to act on the following subjects:

Article 1. To hear the reports of Agents, Auditors, Committees, or other officers heretofore chosen, and pass any vote relating thereto.

Article 2. To choose Agents or Committees in relation to any subjects embraced in this Warrant and fix their salaries.

Article 3. To see if the School District will vote to pay the additional tuition above the state average tuition for students attending an approved high school in New Hampshire or Vermont where the tuition is higher than the state average tuition.

Article 4. To see if the School District will vote to pay an additional Two Hundred Three Dollars (\$203.00) above the state average tuition for students attending an approved high school in New Hampshire or Vermont where the tuition is higher than the state average tuition.

Article 5. To see what sum of money the School District will vote to raise and appropriate for the support of schools, for the payment of salaries for School District officials and agents and for the payment of statutory obligations of the District.

Article 6. To see if the School District will vote to raise and appropriate the sum of Five Thousand Dollars (\$5,000.00) to be paid into a capital reserve fund for expansion of school facilities including expenses related to site acquisition in accordance with R.S.A., Chapter 35.

Article 7. To see if the School District will elect seven persons to continue a planning committee to advise the School Board with respect to the future educational program and facilities of the Lyme School District, and to assist the School Board in preparing a report upon the committee's work for the next Annual School District Meeting.

SCHOOL DISTRICT WARRANT - March 4 - Page 2

Article 8. To transact any other business that may legally come before this meeting.

Given under our hands and seals at said Lyme this tenth day of February, 1972.

TALBERT W. BACON
District Treasurer

AUDITORS' CERTIFICATE

This is to certify that we have examined the books, vouchers, bank statements and other financial records of the treasurer of the school district of Lyme of which the above is a true summary for the fiscal year ending June 30, 1971, and find them correct in all respects.

STUART V. SMITH
ALBERT W. PUSHEE
Auditors

LYME ANNUAL SCHOOL DISTRICT REPORT

The purchase of 4.6 acres, lying immediately west of the existing school property from Mildred Grant was the major event in the affairs of the School District during the last year. This property brings the school lot size to the approved state minimum for a school of 200 students, and will make the District eligible for school building aid from the state, if in fact, it is ever required. The present plans are to utilize the property for nature studies and recreational use, and little or no improvements are planned. The purchase price paid for the property reflects the increasing land values in the Town of Lyme, and the vote taken at the Special District Meeting to purchase land, indicated the desire of the townspeople to acquire the necessary land at this time before the cost to the school district of such an acquisition became prohibitive.

Members of the School Board have attended many of the meetings of the Lyme School Planning Committee, which is considering the difficult decisions which the School District faces in the near future. A report of the Committee activities will appear separately. From the standpoint of the School Board, the planning activities of this committee have been very helpful in outlining the various options which Lyme has for the middle grade (5-8), for high school, and for the problems posed by a kindergarten located separately from the Lyme Plain School. It is clear that the high school arrangement for Lyme School children, while offering an option as to which high school the student may attend, is growing increasingly less satisfactory as fewer schools in our area accept students at the state average tuition. This is a problem which appears to be growing worse instead of better, and the School Board anxiously wishes to reach some consensus as to how this problem should be faced.

National achievement tests, although not entirely satisfactory, are one of the few measures of the quality of education which Lyme furnishes. It is clear that our students in the upper four grades drop behind the national average. This does not seem to be a problem of intelligence since the students perform at a higher level during the first four years of school. The poor performance in the upper grades was seen prior to the introduction of the new curriculum in the middle school, and cannot be therefore blamed upon this recent change in teaching methods. It is clear that continued efforts to understand the reasons for this poor performance are required, and that corrective action be instituted. The Lyme School Planning Committee has considered the various options for improving the middle school curriculum, and it is hoped that some recommendations for improvements in this area will be forthcoming during the next year.

The School Board is optimistic about the Lyme School program and hopes that with further effort by all concerned that the future will look progressively brighter. There is nothing more helpful to the Board than frankly expressed concerns about various aspects of the school, its financing, and program. We welcome your continued interest and comments.

O. ROSS McINTYRE, (Chmn.)
SAMUEL L. HAYS (Sec.)
ABBIE PENFIELD (Mrs. D.)

REPORT OF LYME SCHOOL DISTRICT PLANNING COMMITTEE

The School Planning Committee which was established in 1970 to "advise the School Board with respect to the future educational program and facilities of the Lyme School District" has continued its study of the Lyme School System and particularly the three problem areas, namely:

1. The High School problem
2. The Elementary School curriculum especially in the seventh and eighth grades
3. The space problem

The Committee has continued its study of the High School problem and is, at this point, mid-stream in this project. Feeling that more study is needed before the Committee can make recommendations we believe that our present system should be continued until the study can be completed.

Study of the elementary school has focused on the ungraded program offered in the fifth through the eighth grades. After three years experience, evaluation of this program appeared appropriate, and such a study is now being made. In addition, the proposal that our seventh and eighth graders be sent to another school on a tuition basis is being studied to determine whether this might have advantages over the present program and, if so, at what cost.

Recognizing that additional space in the Lyme school will be needed, probably within a few years, the Committee has reviewed several possible additions of varying size in addition to the one proposed last year. Any recommendation on building plans has, however, been deferred pending completion of the "Middle School" study since the results of this study will affect space requirements. The Committee does recommend that at the Annual School District Meeting a sum of money be appropriated and placed in a special bank account for building purposes.
